Dear David Melbye, 4/10/92

Thanks for the thoughtfulness lf a SASE.

I have a copy of what City Pages published, thanks.

It you have anything in addition that that I would appreciate it and thank you for it.

Good reporter, as I remember, too.

The information you requested is enclosed, thanks.

I have no independent recollection of your call but I was not "bothered" by it.

At 79 I still remember the time older men took for me when I was quite young.

It was helpful to me, helped me mature and understand.

Thanks and best wishes,

Harold Weisberg
